SECTION W MACHINERY AND EQUIPMENT

Using the machinery and equipment lists below, report the machinery and equipment used on or at the Hog Enterprise. If the operation uses all of the space provided in the table below and there is not enough space for all the machinery or equipment, list those that are most important to the hog operation, are used most often at or on the hog operation, or most expensive.

If the operation had more than one of the same machine or piece of equipment, they can be listed on the same line by coding column 3 with the number of the same items.

EXCLUDE machinery and equipment used to grow crops on the operation even if the crops were fed to the hogs or pigs.
