County	Grape Acres, NASS Official Estimate 2018	Percent of Grapes within Fire Perimeter
Sonoma	59,195	8.00%

Official estimates are from the USDA NASS 2018 Grape Acreage Report and based on bearing and non-bearing acres. Percentages are based on raw pixel counts from the 2014 Land IQ data and are not official NASS estimates (https://map.dfg.ca.gov/metadata/ds2677.html).

Wildfire perimeter data (November 4, 2019) provided by the National Interagency Fire Center (NIFC) Open Data, National Incident Feature Service (NIFS), accessed on November 4, 2019 (http://data-nifc.opendata.arcgis.com/datasets/wildfire-perimeters).
