COUNTY AGRICULTURAL COMMISSIONERS' REPORTS

Copies of individual County Agricultural Commissioners' Reports may be requested or obtained directly from each County Agricultural Commissioner's Office.

For your convenience, a listing is included at the end of this report. Many of the counties publish the reports on their websites free-of-charge.

USDA's National Agricultural Statistics Service, Pacific Region-California publications are available free-of-charge on the Internet at:

www.nass.usda.gov/ca.

Introduction

This publication is based on the annual Crop Reports compiled by the California County Agricultural Commissioners. These reports provided detailed annual data available on agricultural production by county.

In order to curb costs and increase efficiency, there will no longer be two separate books. Rather, one publication will serve as a one stop resource for reported County Agricultural crop data. The detailed Data will follow the Summary, and County Agricultural Commissioners' addresses will still be found at the end of the publication.

Reports were received from 53 of 58 counties for 2015. Five County Agricultural Commissioners' Reports, Del Norte, Humboldt, Lassen, Modoc, and Trinity, were not available at publication. Therefore, the most recent data from the last available reports were used for Del Norte (2014), Humboldt (2013) and Lassen (2013) Counties. However, Modoc and Trinity were not published this year as the last report received from Modoc County was from 2008 and Trinity was from 2007. Copies of individual County Agricultural Commissioners' Reports may be requested or obtained directly from each County Agricultural Commissioner's office. Many of the counties publish the report on their websites.

Basic data collected by the Agricultural Commissioners and their staff members are compiled from many sources. Sources vary from county to county. Examples of data sources include grower surveys, regulatory and inspection data, shipment data, industry assessments, etc.

The amount of detail varies by county. For instance, one county may list all grapes; another may show grapes by raisin, table, and wine; and another may list a further breakdown, such as canned, crushed, dried, fresh, and juice. The data were coded at the detail level.

The Sum of Others, in the detailed table, includes only those counties that provide the California Department of Food and Agriculture a listing of commodities that cannot be published at the county level due to disclosure of confidential information. However, data can be published when combined with other counties. Please be aware that the count is shown as one in those cases.

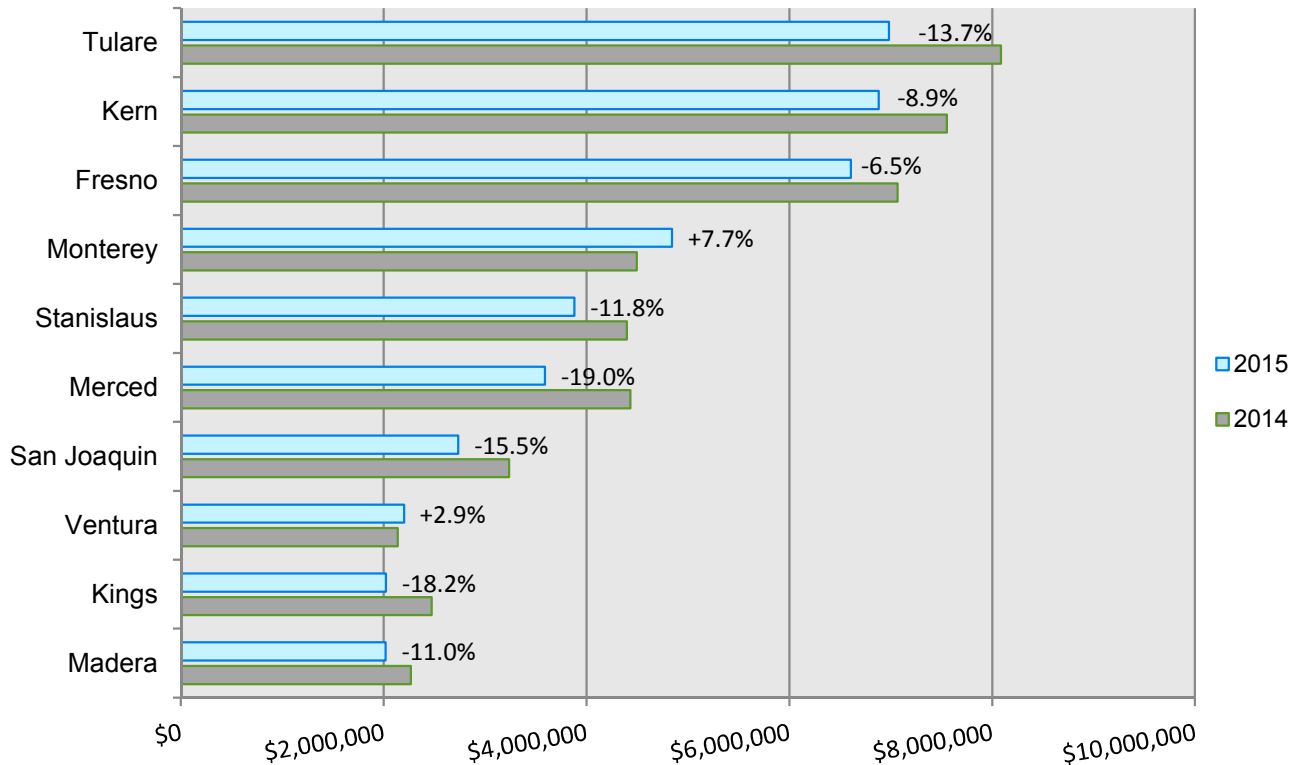

Credit is due the County Agricultural Commissioners and their staff members for preparing the annual county Crop Reports upon which this compilation is based.

Summary of County Agricultural Data

California's counties reported a decrease of 8.6 percent in the value of agricultural production for 2015. Six counties reported agricultural production exceeding \$3.0 billion each. Fourteen counties reported a value of production in excess of \$1.0 billion. Tulare County remained the leading county with an agricultural production value of \$6.98 billion, a decrease of 13.7 percent from the 2014 value. Kern County was second in value of production with \$6.88 billion, an 8.9 percent decrease from 2014. Fresno County was third in value, with a decrease of 6.5 percent in production to \$6.61 billion. Monterey remained fourth in value with \$4.84 billion, an increase of 7.7 percent from 2014.

CALIFORNIA'S TOP 10 COUNTIES CHANGE IN AGRICULTURAL PRODUCTION, 2014 - 2015

Top 15 Commodities in California

Highlights by Rank and County Percentage of State Total, 2014-2015

Almonds	Kern leads at over 20 percent followed by Stanislaus at 17.5 and Fresno at 16.6 percent	1
Milk and Cream	Tulare leads again with over 27 percent of the State total	2
Grapes, All	Kern leads with 27 percent of the State total followed by Fresno with 15 percent	3
Cattle and Calves	Tulare leads with 21 percent of total, Fresno moves to rank 2 nd this year with 12 percent	4
Nursery Products	San Diego continues to lead with 23 percent of state total	5
Strawberries	Monterey and Ventura lead with over 60 percent of the total	6
Lettuce	Monterey leads with 69 percent, Imperial follows with almost 11 percent	7
Walnuts	San Joaquin leads with over 20 percent, followed by Butte	8
Oranges	Tulare leads with 57 percent of the State total	9
Silage, All	Tulare leads with 42 percent of the State total	10
Tomatoes, Processing	Fresno leads with over 33 percent, followed by Yolo and San Joaquin this year	11
Chickens	Fresno leads with nearly 40 percent, Merced follows with 32 percent	12
Alfalfa Hay	Imperial leads with over 15 percent, followed by Kern at 12.3 percent	13
Tangerines	Kern holds almost 43 percent followed by Tulare with over 29 percent	14
Pistachios	Kern leads with 27 percent followed by Tulare with 23 percent	15

Gross Value in Agricultural Commissioners' Reports

The gross value of production published in this report includes all farm production, whether sold into usual marketing channels or used on the farm where it is produced. Values placed on pasture and range feed are included and fresh fruit and vegetable crop values are based on the Free-On-Board (F.O.B.) packed price. Values are recorded for all products grown during the calendar year, regardless of when they are marketed. The *California County Agricultural Commissioners' Reports* publication also provides statistics on a broader range of commodities than estimates prepared by other agencies.

Because of these concepts, the State total for gross dollar values summarized in this report differs from the cash receipts to farmers estimated by USDA's National Agricultural Statistics Service, Pacific Region-California. The larger total value reported by Agricultural Commissioners results from the different definitions used in estimating total value of production rather than cash receipts to producers.

Some counties include timber as a part of their crop report, following the pattern set by the California County Agricultural Commissioners and Sealers Association (CACASA). Since it is not comparable to earlier county summaries, timber has not been made a part of the main tables of this summary. The total 2015 value of production reported by the counties, including timber, is \$59.4 billion, down 8.6 percent from last year. At \$71.3 million, Humboldt County leads the State with 25 percent of the State's total timber value.

California's Leading Timber Counties, 2015 1/					
Timber Rank	County	Timber Volume	Total Agricultural Value	Timber Value	Timber Percentage of Total Agricultural Value Within County
			(Including Timber)		
		<i>Million Bd. Ft.</i>	<i>\$1,000</i>	<i>\$1,000</i>	<i>Percent</i>
1	Humboldt	217,503	268,128	71,338	26.6
2	Siskiyou	249,143	346,728	53,336	15.4
3	Mendocino	121,701	179,336	41,151	22.9
4	Shasta	198,989	130,836	40,239	30.8
5	Plumas	94,763	47,677	18,452	38.7

1/ Timber volume and value data are from the State Board of Equalization, Timber Tax Division.

County Rank by Gross Value of Agricultural Production, 2014-2015 1/

County	Rank Without Timber				Percent Change	Rank With Timber
