COUNTY AGRICULTURAL COMMISSIONERS' REPORTS

Copies of individual County Agricultural Commissioners' Reports may be requested or obtained directly from each County Agricultural Commissioner's Office.

For your convenience, a listing is included at the end of this report. Many of the counties publish the reports on their websites free-of-charge.

USDA's National Agricultural Statistics Service, Pacific Region-California publications are available free-of-charge on the Internet at:

www.nass.usda.gov/ca.

Introduction

This publication is based on the annual Crop Reports compiled by the California County Agricultural Commissioners. These reports provided detailed annual data available on agricultural production by county.

Reports were received from 52 of the 58 counties for 2018. Six County Agricultural Commissioners' Reports, Del Norte, Humboldt, Lassen, Mariposa, San Francisco, and Trinity counties, were not available at publication. Therefore, for Lassen county 2017 data was used. Reports from 2016 were used for Humboldt and Trinity. Del Norte, Mariposa, and San Francisco 2015 reports were used. Copies of individual County Agricultural Commissioners' Reports may be requested or obtained directly from each County Agricultural Commissioner's office. Many of the counties publish the report on their websites.

Basic data collected by the Agricultural Commissioners and their staff members are compiled from many sources. Sources vary from county to county. Examples of data sources include grower surveys, regulatory and inspection data, shipment data, industry assessments, etc.

The amount of detail varies by county. For instance, one county may list all grapes; another may show grapes by raisin, table, and wine; and another may list a further breakdown, such as canned, crushed, dried, fresh, and juice. The data were coded at the detail level.

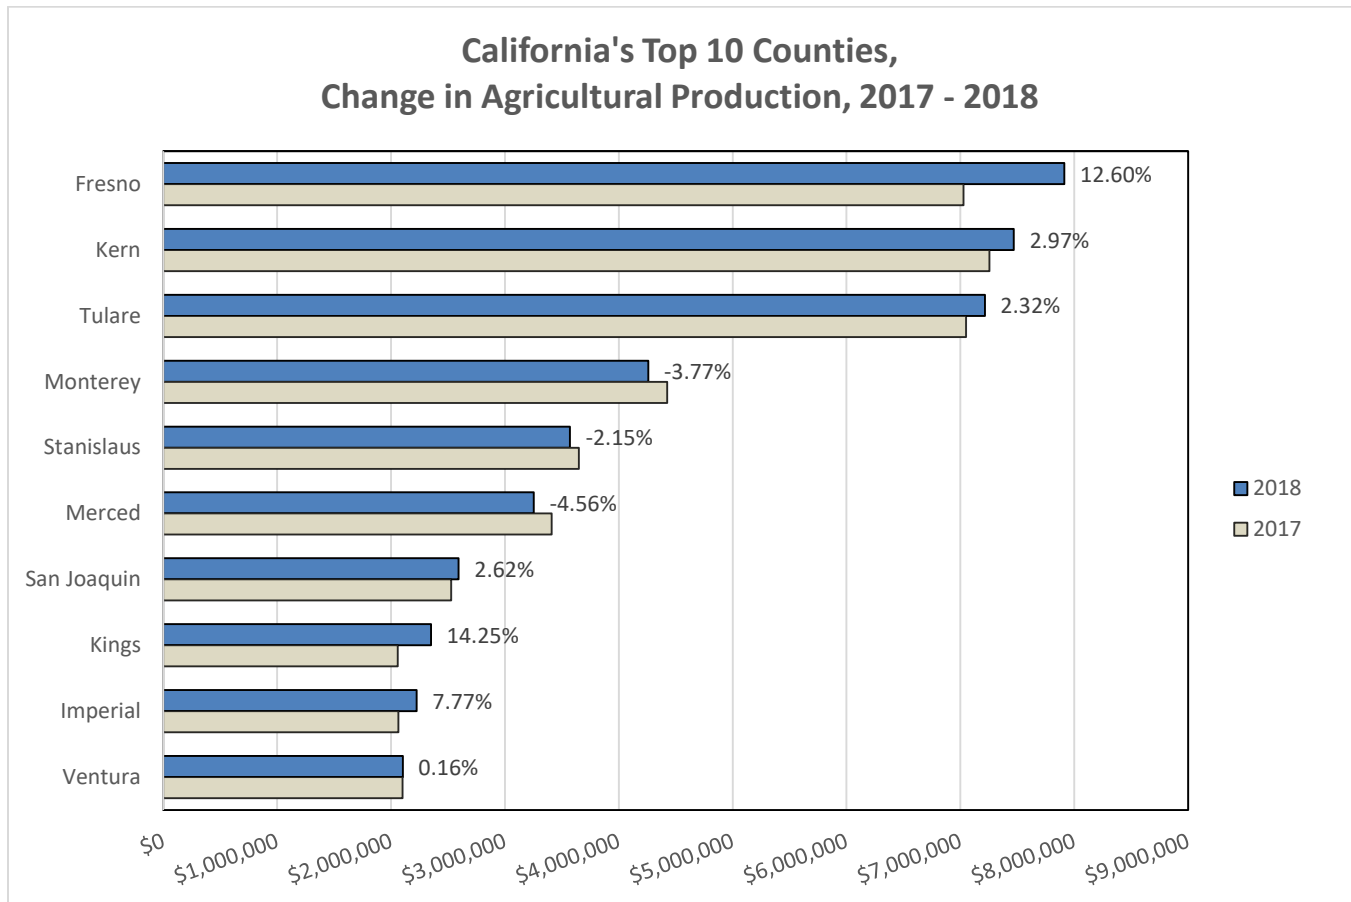

The Sum of Others, in the detailed table, includes only those counties that provide the California Department of Food and Agriculture a listing of commodities that cannot be published at the county level due to disclosure of confidential information. However, data can be published when combined with other counties. Please be aware that the count is shown as one in those cases.

Credit is due the County Agricultural Commissioners and their staff members for preparing the annual county Crop Reports upon which this compilation is based.

Summary of County Agricultural Data

California's counties reported an increase of 3.4 percent in the value of agricultural production for 2018. Six counties reported agricultural production exceeding \$3.0 billion each. Seventeen counties reported a value of production in excess of \$1.0 billion. Fresno County is the leading county with an agricultural production value of \$7.91 billion, an increase of 12.6 percent from the 2017 value. Kern County was second in value of production with \$7.47 billion, a 3.0 percent increase from 2017. Tulare County was third in value, with an increase of 2.3 percent in production to \$7.2 billion. Monterey remained fourth in value with \$4.26 billion, a decrease of 3.8 percent from 2017.

Top 15 Commodities in California

Highlights by Rank and County Percentage of State Total, 2017 - 2018

Grapes, All	Kern leads with 19.9 percent of the State total followed by Fresno with 14.6 percent.	1
Almonds	Kern leads with 18.6 percent of the State total followed by Fresno with 17.3 percent.	2
Milk and Cream	Tulare leads with 26.4 percent of the State total followed by Merced with 15.6 percent.	3
Cattle & Calves	Tulare leads with 17.5 percent of the State total followed by Imperial with 13.5 percent.	4
Nursery Products	San Diego leads with 24.4 percent of the State total followed by Stanislaus with 7.1 percent.	5
Pistachios	Kern leads with 37.8 percent of the State total followed by Fresno with 28.5 percent.	6
Strawberries	Monterey leads with 29.3 percent of the State total followed by Ventura with 28.2 percent.	7
Lettuce	Monterey leads with 62.5 percent of the State total followed by Imperial with 15.4 percent.	8
Oranges	Tulare leads with 50.8 percent of the State total followed by Kern with 29.4 percent.	9
Tangerines	Tulare leads with 40 percent of the State total followed by Kern with 36.7 percent.	10
Walnuts	Tulare leads with 18.9 percent of the State total followed by San Joaquin with 17.7 percent.	11
Alfalfa Hay	Imperial leads with 21.3 percent of the State total followed by Kern with 11.2 percent.	12
Silage, All	Tulare leads with 32.7 percent of the State total followed by Merced with 15.4 percent.	13
Tomatoes, Processing	Fresno leads with 34 percent of the State total followed by Kings with 16.5 percent.	14
Rice (Excl. Seed)	Colusa leads with 27.2 percent of the State total followed by Sutter with 20 percent.	15

Gross Value in Agricultural Commissioners' Reports

The gross value of production published in this report includes all farm production, whether sold into usual marketing channels or used on the farm where it is produced. Values placed on pasture and range feed are included and fresh fruit and vegetable crop values are based on the Free-On-Board (F.O.B.) packed price. Values are recorded for all products grown during the calendar year, regardless of when they are marketed. The *California County Agricultural Commissioners' Reports* publication also provides statistics on a broader range of commodities than estimates prepared by other agencies.

Because of these concepts, the State total for gross dollar values summarized in this report differs from the cash receipts to farmers estimated by USDA's National Agricultural Statistics Service, Pacific Region-California. The larger total value reported by Agricultural Commissioners results from the different definitions used in estimating total value of production rather than cash receipts to producers.

Some counties include timber as a part of their crop report, following the pattern set by the California County Agricultural Commissioners and Sealers Association (CACASA). Since it is not comparable to earlier county summaries, timber has not been made a part of the main tables of this summary. The total 2018 value of production reported by the counties, including timber, is \$62.3 billion, up 3.6 percent from last year. At \$152.4 million, Humboldt County leads the State with 40 percent of the State's total timber value.

California's Leading Timber Counties, 2018 1/

Timber Rank	County	Timber Volume	Total Agricultural Value	Timber Value	Timber Percentage of Total Agricultural Value Within County
			(Including Timber)		
		<i>Million Bd. Ft.</i>	<i>\$1,000</i>	<i>\$1,000</i>	<i>Percent</i>
1	Humboldt	272,609	408,041	152,360	37.3
2	Mendocino	137,465	272,606	84,387	31.0
3	Siskiyou	212,879	361,678	59,515	16.5
4	Shasta	190,451	136,596	55,194	40.4
5	Del Norte	50,206	74,706	27,062	36.2

1/ Timber volume and value data are from the State Board of Equalization, Timber Tax Division.

County Rank by Gross Value of Agricultural Production, 2017-2018 1/

County	Rank Without Timber				Percent Change	Rank With Timber

LEARN MORE

For more agricultural statistics, visit www.nass.usda.gov

For assistance finding data online or to request hard copies, call toll free (855) 270-2722.

For individual California County Crop Reports, contact the County Agricultural Commissioner's office or visit <https://www.cdfa.ca.gov/exec/county/CountyCropReports.html>

This summary is based on the annual Crop Reports compiled by the California County Agricultural Commissioners. These reports provide the most detailed annual data available on agricultural production by county. Basic data collected by the Agricultural Commissioners and their staffs are compiled from many sources. Sources vary from county to county. Examples of data sources include grower surveys, regulatory and inspection data, shipment data, industry assessments, etc. USDA's National Agricultural Statistics Service (NASS), Pacific Regional Field Office compiles the data in cooperation with the California Department of Food and Agriculture (CDFA).
