COUNTY AGRICULTURAL COMMISSIONERS' REPORTS

Copies of individual County Agricultural Commissioners' Reports may be requested or obtained directly from each County Agricultural Commissioner's Office.

For your convenience, contact information is included at the end of this report. Many of the counties publish the reports on their websites free-of-charge.

USDA's National Agricultural Statistics Service, Pacific Region-California publications are available free-of-charge on the Internet at:

www.nass.usda.gov/ca.

Introduction

This publication is based on the annual Crop Reports compiled by the California County Agricultural Commissioners. These reports provided detailed annual data available on agricultural production by county.

Reports were received from 52 of the 58 counties for 2019. Six County Agricultural Commissioners' Reports, Alameda, Del Norte, Humboldt, Lassen, Mariposa, and Trinity counties, were not available at the time of publication. Therefore, 2018 data was used for Alameda county, data for Lassen and Mariposa counties came from their 2017 publications, reports from 2016 were used for Humboldt and Trinity counties, and Del Norte's data was came from their 2015 publication. Copies of individual County Agricultural Commissioners' Reports may be requested or obtained directly from each County Agricultural Commissioner's office, or found at <https://www.cdfa.ca.gov/exec/county/CountyCropReports.html/>.

Basic data collected by the Agricultural Commissioners and their staff members are compiled from many sources. Sources vary from county to county. Examples of data sources include grower surveys, regulatory and inspection data, shipment data, and industry assessments.

The amount of detail varies by county. For instance, one county may list all grapes; another may show grapes by raisin, table, and wine; and another may list a further breakdown, such as canned, crushed, dried, fresh, and juice. The data were coded at the detail level.

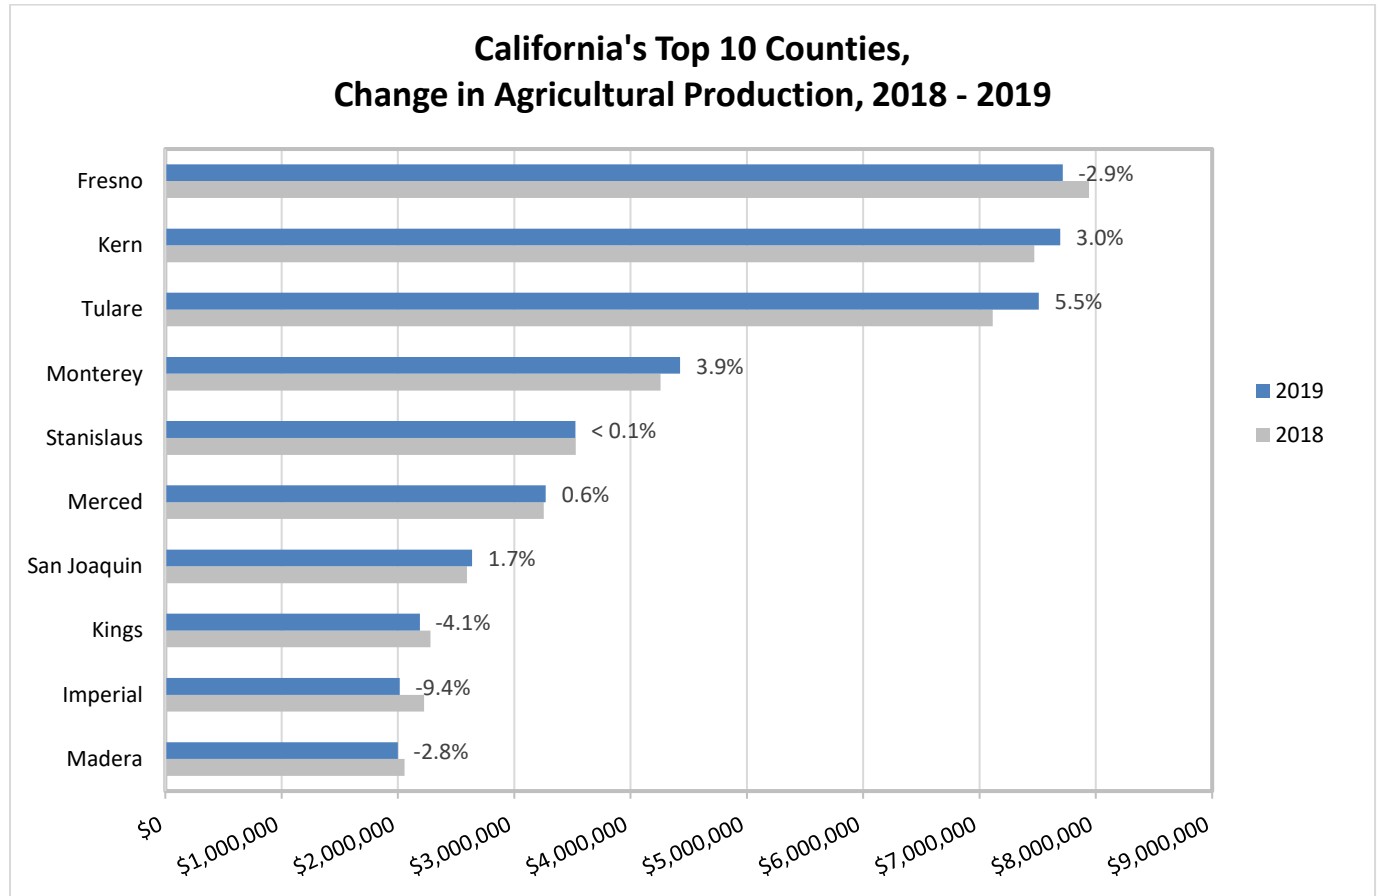

The Sum of Others, in the detailed table, includes only those counties that provide the California Department of Food and Agriculture a listing of commodities that cannot be published at the county level due to disclosure of confidential information. However, data can be published when combined with other counties. Please be aware that the count is shown as one in those cases.

Credit is due to the County Agricultural Commissioners and their staff members for preparing the annual county Crop Reports upon which this compilation is based.

Summary of County Agricultural Data

California's counties reported a decrease of 0.03 percent in the value of agricultural production for 2019. Six counties reported agricultural production exceeding \$3.0 billion each. Fourteen counties reported a value of production in excess of \$1.0 billion. Fresno County is the leading county with an agricultural production value of \$7.72 billion, a decrease of 2.9 percent from the 2018 value. Kern County was second in value of production with \$7.69 billion, a 3.0 percent increase from 2018. Tulare County was third in value, with an increase of 5.5 percent in production to \$7.5 billion. Monterey remained fourth in value with \$4.4 billion, an increase of 3.9 percent from 2018.

Top 15 Commodities in California

Highlights by Rank and County Percentage of State Total, 2018 - 2019

1	Almonds	Kern leads with 21.1 percent of the State total followed by Fresno with 20.1 percent.
2	Grapes (All)	Kern leads with 20.7 percent of the State total followed by Fresno with 13.9 percent.
3	Milk and Cream	Tulare leads with 27.5 percent of the State total followed by Merced with 15.5 percent.
4	Cattle & Calves (All)	Tulare leads with 17.3 percent of the State total followed by Imperial with 13.1 percent.
5	Nursery Products	San Diego leads with 28.2 percent of the State total followed by Stanislaus with 7.0 percent.
6	Pistachios	Kern leads with 38.3 percent of the State total followed by Fresno with 28.6 percent.
7	Strawberries	Monterey leads with 31.9 percent of the State total followed by Santa Barbara with 24.9 percent.
8	Lettuce	Monterey leads with 61.9 percent of the State total followed by Imperial with 12.5 percent.
9	Oranges	Tulare leads with 57.5 percent of the State total followed by Kern with 21.9 percent.
10	Walnuts (English)	San Joaquin leads with 19.3 percent of the State total followed by Butte with 14.2 percent.
11	Tangerines	Tulare leads with 40.0 percent of the State total followed by Kern with 35.4 percent.
12	Alfalfa Hay	Imperial leads with 21.3 percent of the State total followed by Kern with 13.8 percent.
13	Silage, All	Tulare leads with 29.0 percent of the State total followed by Merced with 14.7 percent.
14	Rice (Excl. Seed)	Colusa leads with 29.4 percent of the State total followed by Sutter with 22.5 percent.
15	Tomatoes, Processing)	Fresno leads with 33.3 percent of the State total followed by Kings with 13.9 percent.

Gross Value in Agricultural Commissioners' Reports

The gross value of production published in this report includes all farm production, whether sold into usual marketing channels or used on the farm where it is produced. Values placed on pasture and range feed are included and fresh fruit and vegetable crop values are based on the Free-On-Board (F.O.B.) packed price. Values are recorded for all products grown during the calendar year, regardless of when they are marketed. The *California County Agricultural Commissioners' Reports* publication also provides statistics on a broader range of commodities than estimates prepared by other agencies.

Because of these concepts, the State total for gross dollar values summarized in this report differs from the cash receipts to farmers estimated by USDA's National Agricultural Statistics Service, Pacific Region-California. The larger total value reported by Agricultural Commissioners results from the different definitions used in estimating total value of production rather than cash receipts to producers.

Some counties include timber as a part of their crop report, following the pattern set by the California County Agricultural Commissioners and Sealers Association (CACASA). Since it is not comparable to earlier county summaries, timber has not been made a part of the main tables of this summary. The total 2019 value of production reported by the counties, including timber, is \$62.1 billion, down slightly from last year. At \$98.6 million, Humboldt County leads the State with 27.8 percent of the State's total timber value.

California's Leading Timber Counties, 2019¹

Timber Rank	County	Timber Volume	Total Agricultural Value (Including Timber)	Timber Value	Timber Percentage of Total Agricultural Value Within County
		<i>Million Bd. Ft.</i>	<i>\$1,000</i>	<i>\$1,000</i>	<i>Percent</i>
1	Humboldt	216,136	354,133	98,452	27.8
2	Mendocino	120,288	271,029	61,539	22.7
3	Shasta	219,265	121,902	42,355	34.7
4	Siskiyou	206,364	348,583	28,953	8.3
5	Plumas	106,451	42,147	20,610	48.9

¹ Timber volume and value data are from the State Board of Equalization, Timber Tax Division.

County Rank by Gross Value of Agricultural Production, 2018-2019¹

For more agricultural statistics, visit www.nass.usda.gov

For assistance finding data online or to request hard copies, call toll free
(800) 851-1127.

For individual California County Crop Reports, contact the County Agricultural
Commissioner's office or visit

<https://www.cdfa.ca.gov/exec/county/CountyCropReports.html>

This summary is based on the annual Crop Reports compiled by the California County Agricultural Commissioners. These reports provide the most detailed annual data available on agricultural production by county. Basic data collected by the Agricultural Commissioners and their staffs are compiled from many sources. Sources vary from county to county. Examples of data sources include grower surveys, regulatory and inspection data, shipment data, industry assessments, etc. USDA's National Agricultural Statistics Service (NASS), Pacific Regional Field Office compiles the data in cooperation with the California Department of Food and Agriculture (CDFA).
