COUNTY AGRICULTURAL COMMISSIONERS' REPORTS

Copies of individual County Agricultural Commissioners' Reports may be requested or obtained directly from each County Agricultural Commissioner's Office.

For your convenience, contact information is included at the end of this report. Many of the counties publish the reports on their websites free-of-charge.

USDA's National Agricultural Statistics Service, Pacific Region-California publications are available free-of-charge on the Internet at:

www.nass.usda.gov/ca.

Introduction

This publication is based on the annual Crop Reports compiled by the California County Agricultural Commissioners. These reports provided detailed annual data available on agricultural production by county.

Reports were received from 53 of the 58 counties for 2020. Five County Agricultural Commissioners' Reports, Del Norte, Humboldt, Lassen, San Francisco, and Trinity counties, were not available at the time of publication. Since recent agricultural data for these five counties has not been available for the past three years, these counties are not included in this publication. Copies of individual County Agricultural Commissioners' Reports may be requested or obtained directly from each County Agricultural Commissioner's office, or found at: <https://www.cdfa.ca.gov/exec/county/CountyCropReports.html/>.

Basic data collected by the Agricultural Commissioners and their staff members are compiled from many sources. Sources vary from county to county. Examples of data sources include grower surveys, regulatory and inspection data, shipment data, and industry assessments.

The amount of detail varies by county. For instance, one county may list all grapes; another may show grapes by raisin, table, and wine; and another may list a further breakdown, such as canned, crushed, dried, fresh, and juice. The data was coded at a detailed level.

The Sum of Others, in the detailed table, includes only those counties that provide the California Department of Food and Agriculture a listing of commodities that cannot be published at the county level due to disclosure of confidential information. However, data can be published when combined with other counties. Please be aware that the count is shown as one in those cases, even though multiple counties may be combined into the sum of others.

Credit is due to the County Agricultural Commissioners and their staff members for preparing the annual county Crop Reports upon which this compilation is based.

Summary of County Agricultural Data

California's counties reported a decrease of 2.8 percent in the value of agricultural production for 2020. Seven counties reported agricultural production exceeding \$3.0 billion each. Fifteen counties reported a value of production in excess of \$1.0 billion. Fresno County is the leading county with an agricultural production value of \$7.96 billion, an increase of 2.4 percent from the 2019 value. Kern County was second in value of production with \$7.60 billion, a 9.8 percent decrease from 2019. Tulare County was third in value, with a decrease of 3.4 percent in production to \$7.25 billion. Monterey remained fourth in value with \$4.02 billion, a decrease of 9.3 percent from 2019.

California's Top 10 Counties, Change in Agricultural Production, 2019 - 2020

Top 15 Commodities in California

Highlights by Rank and County Percentage of State Total, 2019 - 2020

1	Milk and Cream	Tulare leads with 27.2 percent of the State total followed by Merced with 15.3 percent.
2	Almonds	Fresno leads with 18.1 percent of the State total followed by Kern with 16.7 percent.
3	Grapes (All)	Kern leads with 25.4 percent of the State total followed by Fresno with 18.0 percent.
4	Cattle & Calves (All)	Tulare leads with 18.2 percent of the State total followed by Imperial with 12.9 percent.
5	Nursery Products	San Diego leads with 28.8 percent of the State total followed by Riverside with 7.9 percent.
6	Berries, Strawberries	Monterey leads with 33.9 percent of the State total followed by Santa Barbara with 26.7 percent.
7	Pistachios	Kern leads with 35.7 percent of the State total followed by Fresno with 26.8 percent.
8	Oranges	Tulare leads with 54.0 percent of the State total followed by Kern with 25.5 percent.
9	Lettuce	Monterey leads with 62.5 percent of the State total followed by Imperial with 13.8 percent.
10	Tangerines	Kern leads with 48.0 percent of the State total followed by Tulare with 28.8 percent.
11	Walnuts (English)	San Joaquin leads with 19.9 percent of the State total followed by Butte with 11.5 percent.
12	Rice (Excl. Seed)	Colusa leads with 29.2 percent of the State total followed by Sutter.
13	Alfalfa Hay	Imperial leads with 21.5 percent of the State total followed by Riverside with 10.5 percent.
14	Lemons	Tulare leads with 29.3 percent of the State total followed by Ventura with 23.6 percent.
15	Silage, All	Tulare leads with 35.8 percent of the State total followed by Merced with 15.0 percent.

Gross Value in Agricultural Commissioners' Reports

The gross value of production published in this report includes all farm production, whether sold into usual marketing channels or used on the farm where it is produced. Values placed on pasture and range feed are included and fresh fruit and vegetable crop values are based on the Free-On-Board (F.O.B.) packed price. Values are recorded for all products grown during the calendar year, regardless of when they are marketed. The *California County Agricultural Commissioners' Reports* publication also provides statistics on a broader range of commodities than estimates prepared by other agencies.

Because of these concepts, the State total for gross dollar values summarized in this report differs from the cash receipts to farmers estimated by USDA National Agricultural Statistics Service, Pacific Region-California. The larger total value reported by Agricultural Commissioners results from the different definitions used in estimating total value of production rather than cash receipts to producers.

Some counties include timber as a part of their crop report, following the pattern set by the California County Agricultural Commissioners and Sealers Association (CACASA). Since it is not comparable to earlier county summaries, timber has not been made a part of the main tables of this summary. The total 2020 value of production reported by the counties, including timber, is \$61.7 billion, down 2.8 percent from last year. At \$77.4 million, Humboldt County leads the State with 24.2 percent of the State's total timber value.

California's Leading Timber Counties, 2020¹

Timber Rank	County	Timber Volume <i>Million Bd. Ft.</i>	Total Agricultural Value	Timber Value <i>\$1,000</i>	Timber Percentage of Total Agricultural Value Within County <i>Percent</i>
			(Including Timber) <i>\$1,000</i>		
1	Humboldt ²	227,355	354,133	77,368	21.8
2	Mendocino	114,458	178,494	48,106	27.0
3	Shasta	212,779	114,963	40,392	35.1
4	Siskiyou	144,021	389,282	26,906	6.9
5	Del Norte ³	51,781	66,277	17,847	26.9

¹ Timber volume and value data are from the State Board of Equalization, Timber Tax Division.

² Total agricultural value numbers are from the 2016 crop year, 2020 data not available at time of publication.

³ Total agricultural value numbers are from the 2015 crop year, 2020 data not available at time of publication.

County Rank by Gross Value of Agricultural Production, 2019-2020 ¹

Individual county reports:

cdfa.ca.gov/exec/county/CountyCropReports.html

This summary is based on the annual Crop Reports compiled by the California County Agricultural Commissioners. These reports provide the most detailed annual data available on agricultural production by county. Basic data collected by the Agricultural Commissioners and their staffs are compiled from many sources.

Sources vary from county to county. Examples of data sources include grower surveys, regulatory and inspection data, shipment data, industry assessments, etc. USDA's National Agricultural Statistics Service (NASS), Pacific Regional Field Office compiles the data in cooperation with the California Department of Food and Agriculture (CDFA).
