November 2017

Dear Friends,

I am pleased to introduce the 2017 Colorado Agricultural Statistics Bulletin.

The National Agricultural Statistics Services (NASS) provides the most thorough data regarding the value and importance of agriculture to our state.

This book not only provides a current snapshot of Colorado's agricultural industry, but helps shape the future. Producers, legislators, and decision makers use this information to inform issues facing today's ag community.

As producers, we must make decisions every year regarding what to plant and how many cattle to buy or sell, and also try to anticipate where the markets will land. This book is a powerful resource when making those decisions.

The Colorado Department of Agriculture is dedicated to promoting agriculture on the local, state, national, and global levels and considers these statistics a valuable resource in that effort.

Our Department offers a variety of resources to help Colorado's agriculture industry, and I encourage you to visit [www.colorado.gov/ag](http://www.colorado.gov/ag) to learn more.

Thank you NASS and all of the farmers and ranchers whose valuable time and input make this book possible.

Sincerely,

Don Brown  
Commissioner of Agriculture

*The Colorado Agricultural Statistics publication is compiled by the National Agricultural Statistics Service, which is an agency within the U.S. Department of Agriculture, in cooperation with the Colorado Department of Agriculture.*

November 2017

Dear Friends of Agriculture,

Accurate information regarding the agricultural industry in Colorado is vitally important. In 2016 net farm income for Colorado agricultural producers totaled just over \$1.2 billion and cash receipts totaled nearly \$6.3 billion. These figures remind us how important agriculture is as part of Colorado's economy. These figures also remind us of the importance and dedication of Colorado farmers and ranchers.

With that, I am pleased to present the 2017 Colorado Agricultural Statistics Bulletin made available through the Mountain Regional Field Office of USDA's National Agricultural Statistics Service in cooperation with the Colorado Department of Agriculture.

This bulletin is a showcase for the diversity and value of agriculture across the state. In addition, much of the information in this bulletin and the information we have available throughout the year are used for sound decision making in the agricultural sector – good decisions are made by having good information.

Thank you to the farmers and ranchers for taking time out of their busy schedules to provide the data needed to produce these statistics. I also want to thank all the agribusinesses, extension educators and USDA's Farm Service Agency for contributing information for this bulletin and providing support for our programs.

This report would not be possible without the dedicated effort of field and telephone interviewers who collect this data and the office staff that compiles it. I would like to thank Laura Harwood for the cover photography, and a special thanks to the Colorado Department of Agriculture for covering the costs of printing this bulletin.

Sincerely,

William Meyer  
Director

## COLORADO

The Centennial State, admitted to the Union in 1876, is the eighth largest state in area and has the highest average elevation. The highest point is at Mount Elbert, 14,433 feet above sea level, one of the 53 "fourteeners" rising above 14,000 feet. The lowest elevation is 3,350 feet in extreme eastern Prowers County.

Approximate Land Area: 66.3 Million Acres  
 Approximate Cropland Area: 10.6 Million Acres\*  
 Approximate Irrigated Area: 2.6 Million Acres\*  
 Number of Farms and Ranches (2017): 33,800  
 Average Size of Farm and Ranch (2017): 938 Acres

**Farms by Type\***  
 81.2% Individual  
 8.9% Partnership  
 7.0% Corporate  
 2.9% Other

**Farms by Tenure\***  
 72% Full Owners  
 22% Part Owners  
 6% Tenants

**Farms by Class\***  
 56.1% Livestock & Poultry  
 43.9% Crops

Farm Marketing Receipts (2016): \$6,265,281 Million  
 Livestock & Livestock Products: \$4,159,992 Million (66% of the total)  
 Field, Fruit & Vegetable Crops: \$2,105,289 Million (34% of the total)

2016 .....	32	40.0	1,280	282	2.17	2,778

<sup>1</sup> Honey producing colonies are the maximum number of colonies from which honey was taken during the year. It is possible to take honey from colonies which did not survive the entire year.

<sup>2</sup> Stocks held by producers.

<sup>3</sup> Average price per pound based on expanded sales.

<sup>4</sup> Value of production is equal to production multiplied by average price per pound.

## Trout: Total Value of Fish Sold, & Foodsize Sales – Colorado: 2007-2016

Year	Total Value of Fish Sold <sup>1</sup>	Foodsize (12 Inches or longer)			
		Number of Fish	Live Weight <sup>2</sup>	Sales	
				Total <sup>3</sup>	Average Price per Pound
	(Dollars)		(Pounds)	(Dollars)	(Dollars)
2007 .....	2,557,000	760,000	682,000	2,230,000	3.27
2008 .....	621,000	(D)	(D)	(D)	(D)
2009 .....	1,685,000	440,000	420,000	1,357,000	3.23
2010 .....	1,467,000	370,000	360,000	1,141,000	3.17
2011 .....	1,844,000	260,000	410,000	1,673,000	4.08
2012 .....	1,718,000	220,000	393,000	1,474,000	3.75
2013 .....	2,018,000	250,000	441,000	1,654,000	3.75
2014 .....	1,666,000	210,000	404,000	1,495,000	3.70
2015 .....	2,045,000	310,000	405,000	1,770,000	4.37
2016 .....	2,196,000	380,000	441,000	1,923,000	4.36

<sup>1</sup> Total sales excluding eggs.

<sup>2</sup> Due to rounding, total number of fish multiplied by the average pounds per unit may not exactly equal total live weight.

<sup>3</sup> Due to rounding, total number or live weight multiplied by average value per unit may not exactly equal total sales.

(D) Withheld to avoid disclosing data for individual operations.

**Wool: Production, Price & Value – Colorado: 2007-2016**

Year	Sheep Shorn	Weight per Fleece	Production	Price per Pound	Value of Production <sup>1</sup>

### State Fair

State Fairgrounds, Pueblo, Colorado 81004	
Director, Sarah Cummings.....	(719)-561-8484

## National Agricultural Statistics Service (NASS) Reports and Data

The NASS Internet homepage provides easy access to the wide range of reports, data and general information published throughout the year. All data in this bulletin is published at an earlier date and can be found most quickly via the Internet.

**NASS Homepage – <http://www.nass.usda.gov>**

**Colorado Homepage – [https://www.nass.usda.gov/Statistics by State/Colorado/index.php](https://www.nass.usda.gov/Statistics%20by%20State/Colorado/index.php)**

Through a cooperative agreement with Cornell University, the Albert R. Mann Library distributes NASS, Economic Research Service (ERS), and World Agricultural Outlook Board (WAOB) periodicals and data files via the USDA Economics and Statistics System on a web server. Over 500 NASS reports annually are available free of charge. All NASS reports along with WAOB's World Agricultural Supply and Demand Estimates (WASDE) are available electronically seconds after release.

A calendar of scheduled releases is available from the NASS Homepage by clicking on **Publications**. The next screen is the Reports Calendar where you can choose the year and month of interest.

### Free E-Mail Subscriptions to NASS Reports

When a current report is released, it can be sent free of charge via e-mail to the list of subscribers for that report. From the NASS homepage, select the **Publications drop down**, then follow the instructions under **Receive Reports by Email**. The four report options available in Colorado are:

- Colorado All Reports
- Colorado Crop Weather
- Colorado Crops and Livestock
- Colorado Press Releases

**There is no charge for e-mail subscriptions via Internet.** You will receive a confirmation message to your email address you provide. You must verify that you subscribed to the releases before you start receiving the releases in your inbox. You may unsubscribe at any time by going to the **Subscription Page** and unchecking the reports you wish to discontinue.

### Agricultural Statistics Data Base (Quick Stats)

Published **U.S., State, and County** information is also available in an online database **FREE OF CHARGE**. The database allows custom extracts based on commodity, year, State, and other selection criteria and produces an output file compatible for updating databases and spreadsheets for selected commodities. The database can be accessed from the NASS homepage then selecting **Data and Statistics**. From there you can retrieve National, State, or County level data. The Census of Agriculture is also available in Quick Stats. The database allows custom extracts based on commodity, year, selected counties within a State, or all counties in one or more States. The county data include totals for the Agricultural Statistics Districts (county groupings) and the State. Video tutorials and other information can be found by selecting **Help**.

**REPORTS ISSUED DURING THE YEAR <sup>1</sup>**  
**Colorado FIELD OFFICE, USDA NASS**

	<u>Frequency</u>	<u>Approximate Date of Publication</u>
<b>General Reports:</b>		
Crop Weather	Weekly	April-October (Mondays)
"Colorado Agricultural Statistics" - Annual Summary	Annual	October

**Report Dates for Crops:**

Winter Wheat Seedings	Annual	January (9th-12th)
Prospective Plantings	Annual	March (28th-31st)
Acreage Planted	Annual	June (28th-30th)
Crop Production Forecasts	Monthly	May-November (9th-12th)
Dry Edible Bean Acreage by Class	Annual	August (9th-12th)
Crop Production Annual	Annual	January (9th-12th)
Crop Values	Annual	February (20th-25th)
Wheat Varieties	Annual	February (20th-25th)
Hay Stocks	Semi-Annual	January, May (9th-12th)

**Report Dates for Livestock, Dairy, Poultry, and Livestock Products:**

Cattle Inventory and Calf Crop	Semi-Annual	January or February (5th Friday of year), March
Cattle Loss	Annual	March
Sheep Inventory and Lamb Crop	Annual	January or February (5th Friday of year), March
