

## FOREWORD

This citrus publication is the Fourth Annual Citrus Statistical Summary released by the Bureau of Agricultural Economics and is made possible through the cooperation of the Florida Department of Agriculture and the Florida Citrus Commission. The Office of the Agricultural Statistician, Bureau of Agricultural Economics, Orlando, cooperating with the State Department of Agriculture and Growers Administrative Committee collected and/or assembled the data. The Florida Citrus Commission furnished funds for materials and did the actual multilithing.

The Bureau of Agricultural Economics, through its office in Orlando, would like to take this occasion to express its appreciation of this cooperative spirit shown by those connected with the Citrus Industry and to acknowledge the statistical and financial aid of the Citrus Commission; the Citrus and Vegetable Inspection Division; Florida Department of Agriculture; The Growers Administrative Committee; the cannery data furnished by the Florida Cannery Association, and the considerable volume of basic data given by the citrus growers, packers and processors.
