## USDA Releases 2022 Census of Agriculture State and County Profiles

Olympia, Washington – March 27, 2024 – The U.S. Department of Agriculture’s (USDA) National Agricultural Statistics Service (NASS) today released the 2022 Census of Agriculture State and County Profiles. These profiles provide a snapshot of farm numbers, land in farms, value of sales, producer demographics, and top commodities for each State and County in the Northwest Region. These profiles can be found at [State and County Profiles](#). Also released today are the [Rankings of Market Value of Ag Products Sold](#) for each State which includes state ranks and sales values of various commodity groups along with top producing counties.

The full Census of Agriculture report, released on February 13, 2024, as well as publication dates for additional ag census data products can be found at <http://www.nass.usda.gov/agcensus>. Ag census data can also be found in NASS’s searchable online database, Quick Stats. “We are pleased to provide updated Census of Agriculture data to all those who serve U.S. agriculture, especially the producers who gave their time to complete the questionnaire. Census of Agriculture data tell a story. This comprehensive snapshot every five years helps data users to see trends and shifts in the industry over time and helps producers do business,” said NASS Administrator Hubert Hamer. “Overall, though there are always changes across U.S. agriculture, the data remain largely consistent with the previous ag census. Data users will also notice some new data on the topics of hemp, precision agriculture, and internet access.”

### Access to NASS Reports

For your convenience, you may access NASS reports and products the following ways:

- All reports are available electronically, at no cost, on the NASS web site <http://www.nass.usda.gov>
- Both national and state specific reports are available via a free e-mail subscription. To set-up this free subscription, visit <http://www.nass.usda.gov>. Hover over the “Publications” drop down. Under "Receive reports by Email" section in the lower right corner, select the report(s) you would like to receive.

For more information on NASS surveys and reports, call the NASS Agricultural Statistics Hotline at (800) 727-9540, 7:30 a.m. to 4:00 p.m. ET, or e-mail: [nass@usda.gov](mailto:nass@usda.gov)
