Low		-	-	-	-	1994	<u>3/</u>

1/Four dark tobacco types have been combined in two groups. Type 22 and Type 23 are combined into dark fire-cured. One Sucker Type 35 and Green River Type 36 are combined into dark air-cured. 2/Estimates discontinued in 2009. 3/No significant commercial production due to freeze. NOTE: In some cases the acreage or yield or production is identical for more than one year. In such cases, the year is the latest year of occurrence.
