

# Agricultural Statistics & Other Information from NASS

*National reports are the most timely source of statistics*

*However, state reports may have more local information*

NASS national & state reports and data are available on the worldwide Internet.

**National Homepage:** [www.nass.usda.gov/](http://www.nass.usda.gov/)

The national homepage has links to all agency products and services such as publications, graphics, historic data, state information, statistical research, Census of Agriculture, a search engine and a Published Estimates Data Base to query and download state or county historic data. There are also links to our Customer Service unit, a Kids Page, and all other federal statistics outside the National Agricultural Statistics Service.

For a monthly summary of USDA estimates, forecasts, and projections of commodities, prices, trade issues, and world crop developments, see: [www.usda.gov/nass/pubs/nassfact.htm](http://www.usda.gov/nass/pubs/nassfact.htm)

**New Jersey Homepage:** [www.nass.usda.gov/nj](http://www.nass.usda.gov/nj)

The New Jersey site offers much of the same information as the national homepage but in a format designed for New Jersey customers. The reports contain the same statistics but offer more details about agriculture in the New Jersey region. There are also state-funded reports that are not available on the national website, such as the Jersey Fresh Fruit and Vegetable release. Links are also available to other sites such as the New Jersey Department of Agriculture and other NASS field offices.
