

February 25, 2013

NEW YORK: Outside activities and daily chores continued. Temperatures ranged from below zero to the upper 40's. There was one nor'easter snow storm in the beginning of the month. Scattered snow showers and lake effect snow throughout the month. Producers were kept busy repairing machinery and removing snow when needed. Major activities included caring for livestock, spreading manure, grading and packing potatoes, onions, apples and cabbage. Winter meetings and trade shows were well attended.
