AGRICULTURAL STATISTICS

ANNUAL BULLETIN

PENNSYLVANIA

Thank You For Your Support

Dear Friends,

Here at USDA's National Agricultural Statistics Service our goal is to provide timely, accurate, and useful statistics in service to U.S agriculture.

This report documents the current status of Pennsylvania agriculture and includes history to show changes and trends occurring. Information included provides valuable facts for anyone interested in following the progress of farming and related industries in Pennsylvania. These facts are essential for decision makers to accurately assess the health of agriculture and to assist farmers in making appropriate business decisions. The numbers in this publication also help the general public understand the contribution agriculture makes to the economy of the Commonwealth State and its impact on them personally.

My sincere appreciation is extended to all the farm families and businesses who, so willingly, gave their time and records so the estimates in this report could be prepared. Without your cooperation, none of this information would be possible. Having this information at our fingertips remains vital to the best interests of Pennsylvania agriculture.

Please visit our website (see address below) to view this publication and other reports. If you would like additional assistance, please do not hesitate to contact us by e-mail, telephone, or personal visit; your comments regarding our programs and publications are always welcomed.

I wish all the readers of this Annual Bulletin good fortune this year and for years to come.

Sincerely,

A handwritten signature in dark ink that reads "King J. Whetstone II". The signature is written in a cursive, flowing style.
